CRYPKEN

Signature API documentation

Introduction:

Page | 1

Welcome to Signature! This is a basic docs template. You can use it as a starting point for our project :)

Signature:

Signature is a Blockchain-powered digital certificate & digital badge issuance platform that empowers institutions across the globe to establish tamper-proof digital certificates and badges using web 3.0 technology.

Our signature app has a 3 type of logins.

They are,

- **Super Admin** – Entire Organization data's are view.
- **Admin** – Admin login for creating institutions, authority signatures and student lists.
- **Student** – Just view their all certificate.

Admin:

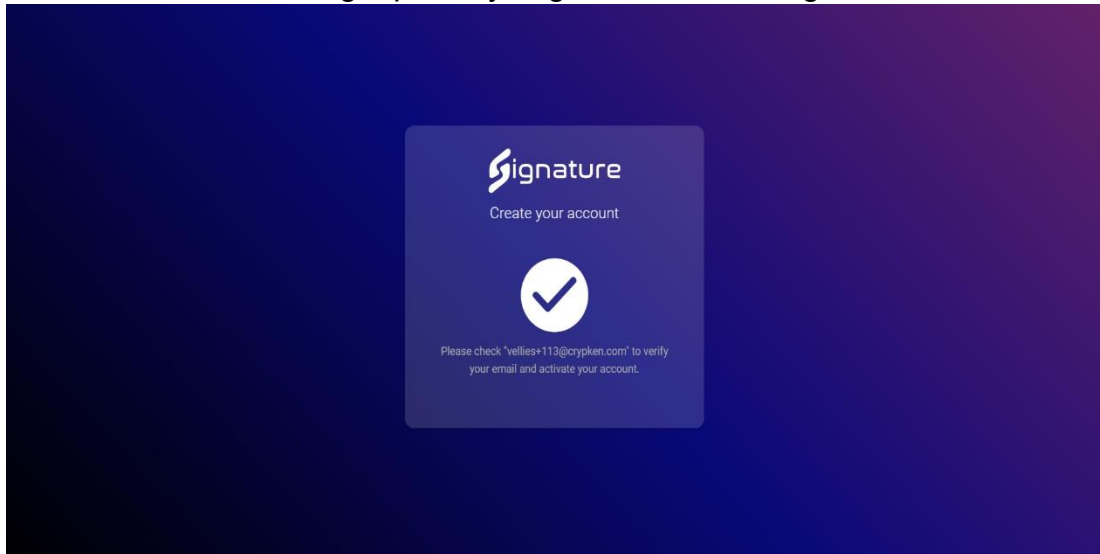

Signup:

Create a new account in Signature

- Go to Our app link
- Click 'Sign up'

A screenshot of the 'Create your account' form in the Signature app. The form is centered on a dark blue background with a purple gradient. It features the 'signature' logo at the top, followed by the text 'Create your account' and 'Contact person details'. The form includes input fields for 'First Name *', 'Last Name *', 'Email *', a phone number field with a dropdown menu showing '+60' and a Malaysian flag, and a 'Designation' field. A blue 'NEXT' button is positioned below the fields. At the bottom, there are links for 'Already have an account? Sign in' and 'Are you a student? Sign up'.

- Please enter Contact person details and organisation details with strong Password. Then click signup now you got like below image.

- Go to given mail id and open Welcome to Signature: Please verify your email address. Click confirm email button or click given link.

Confirm Email

- Email is verified automatically redirected to Login page.

REST API:

Name: Login

Method: POST

Headers:

Body:

```
{
  "variables": {
    "input": {
      "userType": "Organisation",
      "organisationName": "XYZ",
      "organisationType": "University",
      "organisationSector": "Individual",
```

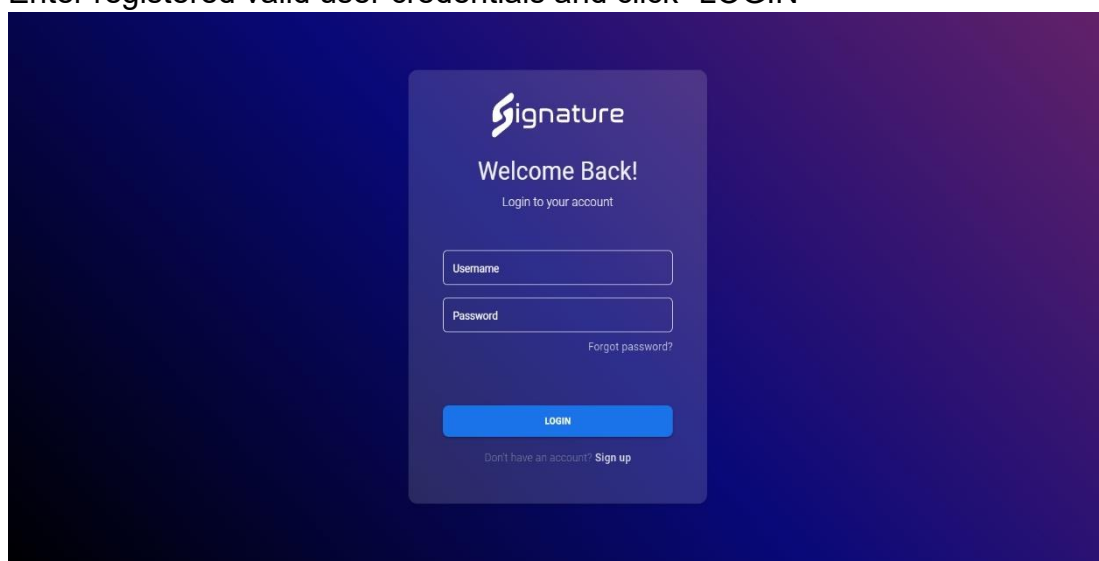

```

    "regType": "Education industry",
    "regNo": "ER4785",
    "address": "Chennai",
    "website": "xyz.com",
    "firstName": "Arul",
    "lastName": "S",
    "mobile": "+91 74125-89632",
    "designation": "Head Master",
    "email": "abi@yopmail.com",
    "password": "Admin@123",
    "confirmPassword": "Admin@123"
  }
},
  "query": "mutation ($input: SignupRequest) {\n  signup(input: $input) {\n    responseCode\n    data\n    __typename\n  }\n}"
}
=====

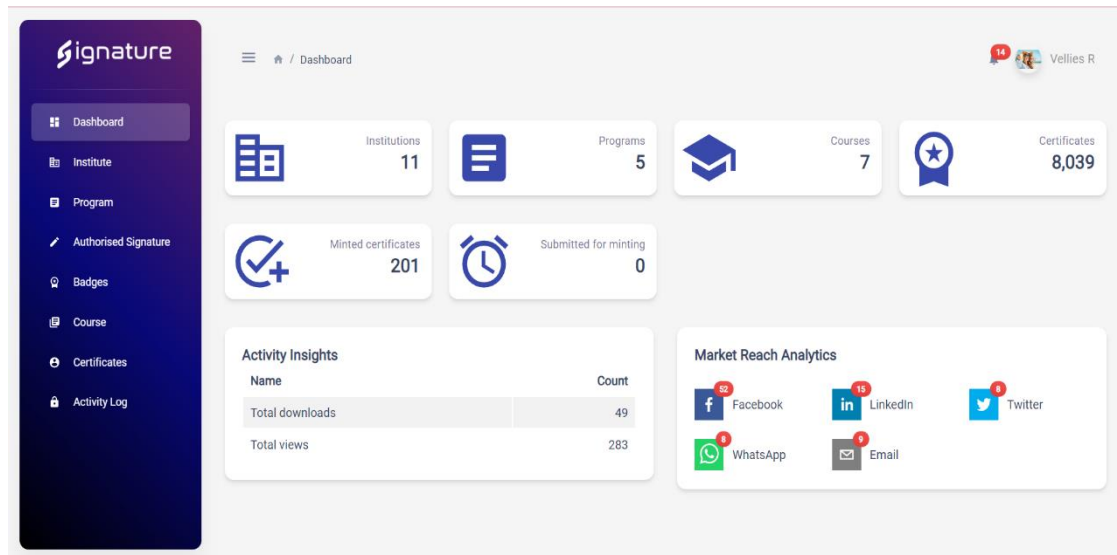

```

Login:

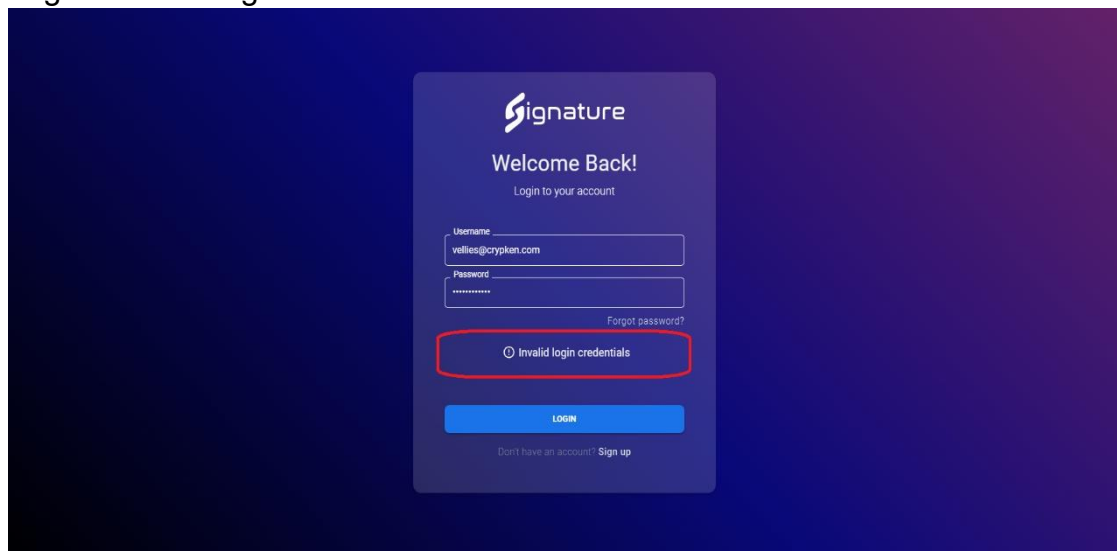

- Every user must login to the Signature in order to use the functions in the signature.
- Enter registered valid user credentials and click "LOGIN"

- Login Successful - Dashboard Page

➤ Login Failure Page

REST API:

Name: Login

Method: POST

Headers:

Body:

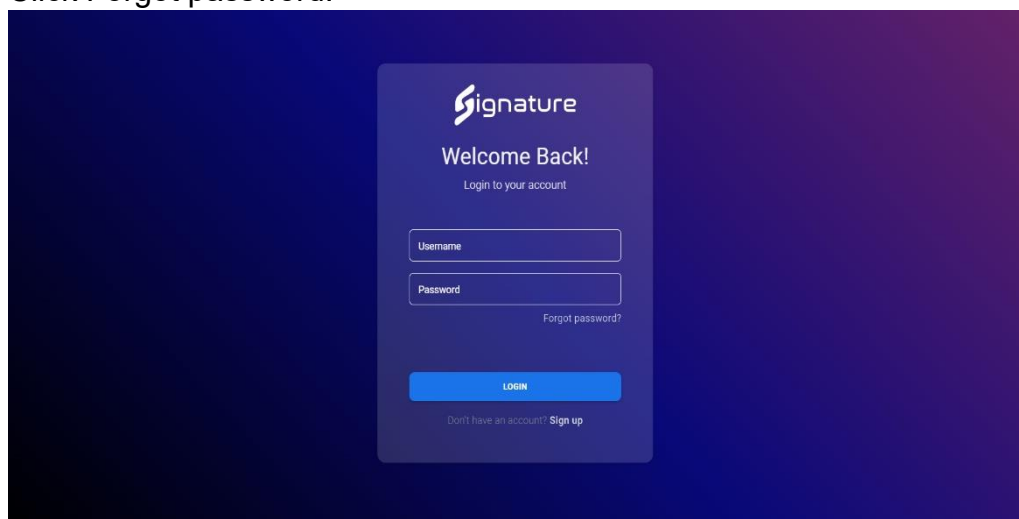

```
{
  "variables": {
    "input": {
      "username": "vellies@yopmail.com",
```

```
"password": "Admin@123"
}
},
"query": "query ($input: LoginRequest) {\n  login(input: $input) {\n    responseCode\n    data\n    __typename\n  }\n}"
}
```

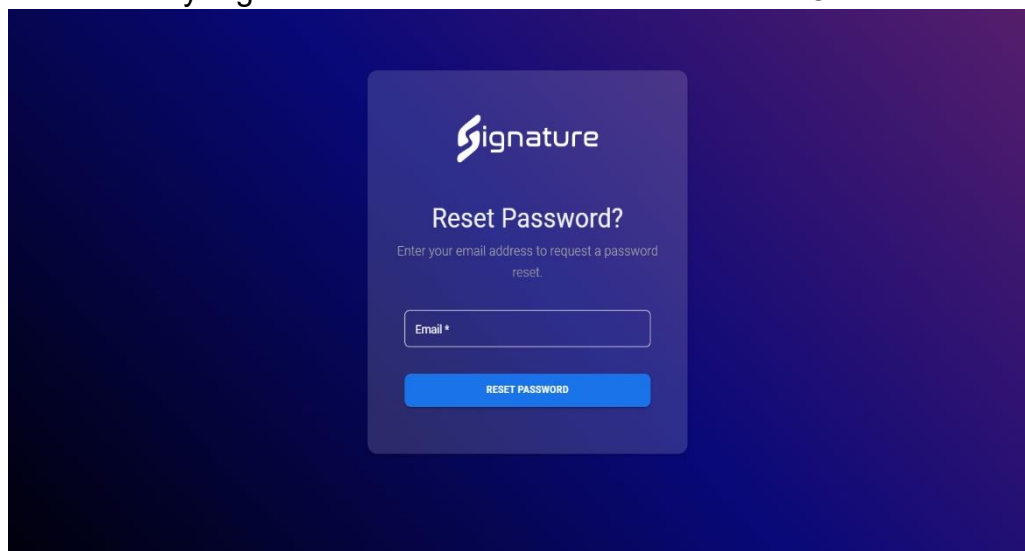

Page | 5

Reset Password:

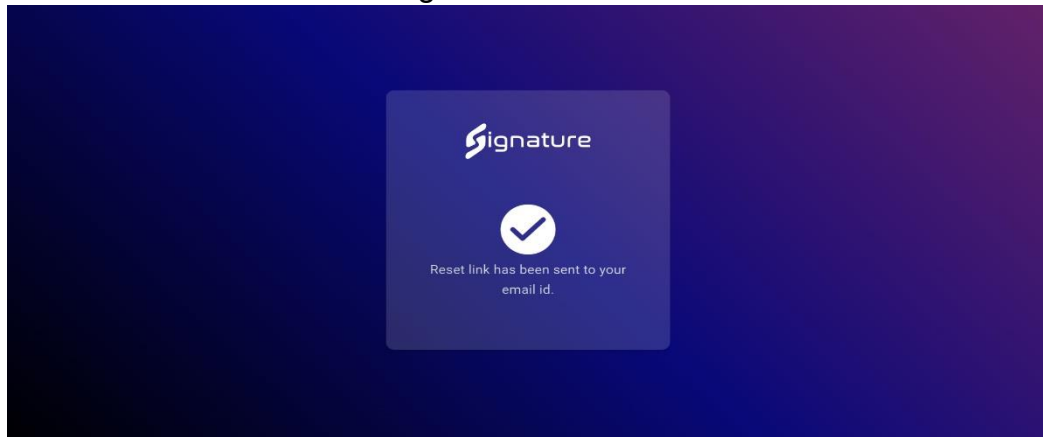

- Click Forgot password.

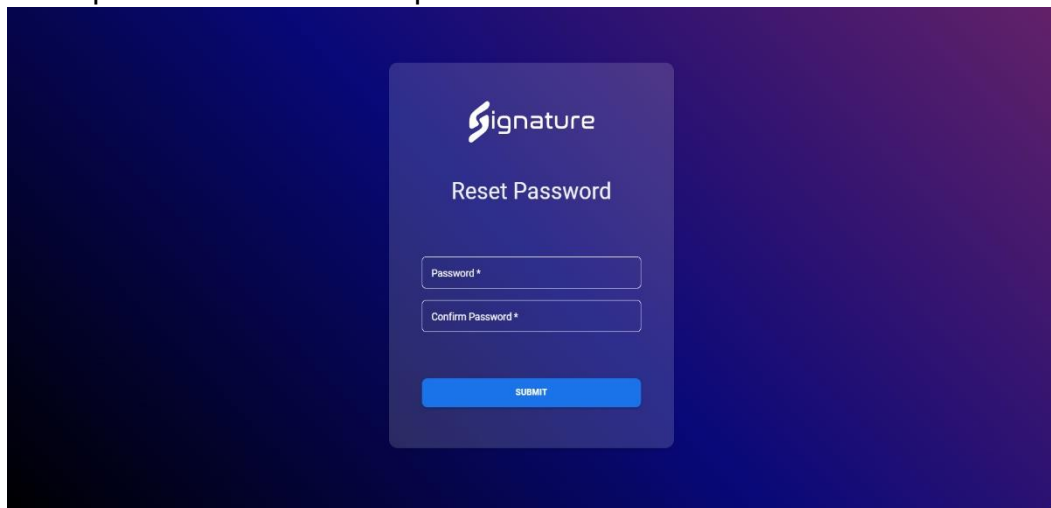

- Enter already registered email and click RESET PASSWORD button.

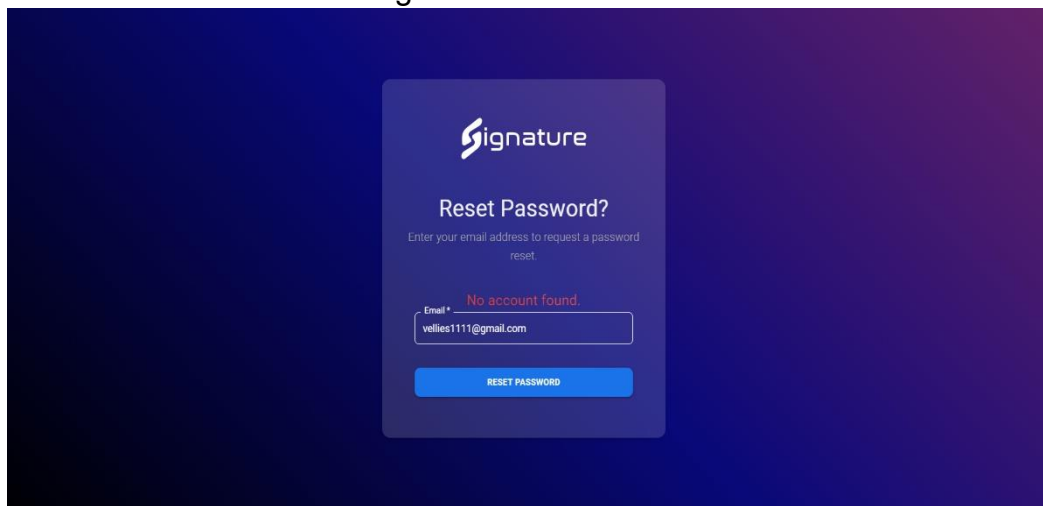

- Reset Password Success Page.

- Go to your mail id and click Reset password button.
- Enter password and confirm password then click submit button.

- Reset password success return to login page and use this password to login.
- Reset Password Failure Page.

REST API:

Name: Reset Password Send Mail

Method: POST

Headers:

Body:

```
{
  "variables": {
    "input": {
      "email": "vellies@yopmail.com"
    }
  },
  "query": "query ($input: ForgotPasswordRequest) {\n  forgotPassword(input: $input) {\n    responseCode\n    data\n    __typename\n  }\n}"
}
```

Name: Reset Password

Method: POST

Headers:

Body:

```
{
  "variables": {
    "input": {
      "token":
"eyJhbGciOiJIUzI1NiIsInR5cCI6IkpXVCJ9.eyJ1c2VySWQiOiI2MmRlMzg0NTMxMDQ2YTlwnNDJiMDY5NmMiLCJlbWFpbCI6ImFkbWluY3J5cGt1bkB5b3BtYWlsLmNvbSIsInRva2VuRXhwaXJhdGlvbil6MzAsImIhdCI6MTY5NzYxNjI3NH06SEWMwXku1IOoYRLYLsdB_KiccGfcRzj8ad7mtfF_SA",
      "password": "Admin@123",
      "oldPassword": ""
    }
  },
}
```

```
"query": "query ($input: ResetPasswordRequest) {\n  resetPassword(input:\n    $input) {\n    responseCode\n    data\n    __typename\n  }\n}"
```

=====

Page | 8

Profile:

- ❖ User logged in our application in the top navbar have profile icon.
- ❖ Click profile.
- ❖ Now showing profile page.
- ❖ This page have a Basic info and change password.

The screenshot shows a user profile page for 'Super Admin'. The page has a dark blue background. At the top, there is a 'signature' logo on the left and a user profile icon with the name 'Super Admin' on the right. On the left side, there is a sidebar menu with the following options: 'Go back', 'Go Home', 'Profile', 'Basic Info', and 'Change Password'. The main content area is divided into two sections. The first section is titled 'Basic Info' and contains several input fields: 'First Name' (with 'Super' entered), 'Last Name' (with 'Admin' entered), a phone number field (with '+91 96325 7412' entered), a 'Designation' field (with 'desination' entered), an 'Email' field (with 'vellies@yopmail.com' entered), and an 'Address' field (with 'Test Address' entered). There is a 'SAVE' button at the bottom right of this section. The second section is titled 'Change Password' and contains three input fields: 'Old Password', 'New Password', and 'Confirm Password'. There is an 'UPDATE PASSWORD' button at the bottom of this section. Below the 'Change Password' section, there is a 'Password requirements' section with a list of requirements: 'Please follow this guide for a strong password', 'Password must contain at least 8 characters that includes at least', '1 uppercase', '1 lowercase', '1 number and', and '1 special character'.

- ❖ You need anything changes in this page change and click save and update password button.

REST API:

```

=====

Authorised Signature:

- ❖ Go to authorized signature menu showing authorized signature list page. There is default showing 10 rows.

Page | 24

- ❖ When we need to add authorized signature click Add signature button. Now showing Add authorized signature page.

- ❖ Enter valid authorized signature details and click submit button.
- ❖ Once authorized signature created successfully return to authorized signature list page. This created authorized signature showing in the list.

- ❖ Anything actions needed in the authorized signature list use action column edit icon and delete icon.
- ❖ Edit icon use to update the authorized signature details.
- ❖ Delete icon used to delete this authorized signature. This authorized signature disabled. Also disabled this authorized signature course also disabled.

Certificate:

- ❖ Go to certificate menu showing certificate list page. There is default showing 10 rows.

- ❖ When we need to add certificate click Add certificate button. Now showing Add certificate page.
- ❖ In the certificate page we need to add students for who want blockchain powered digital certificate.
- ❖ This students list adds to two way. The ways are,
 - Individual
 - Bulk

Individual:

- Here have student basic details.
- We add multiple students (MAX:1000).
- The student details added lists are showing same page. There is anything need to particular student data we use update button.
- Once lists are ready click submit button.

Bulk:

- Click Bulk radio button.
- Follow the steps shown here.
- Once lists are ready click submit button.

Entries per page: Showing 1 to 2 of 2 entries

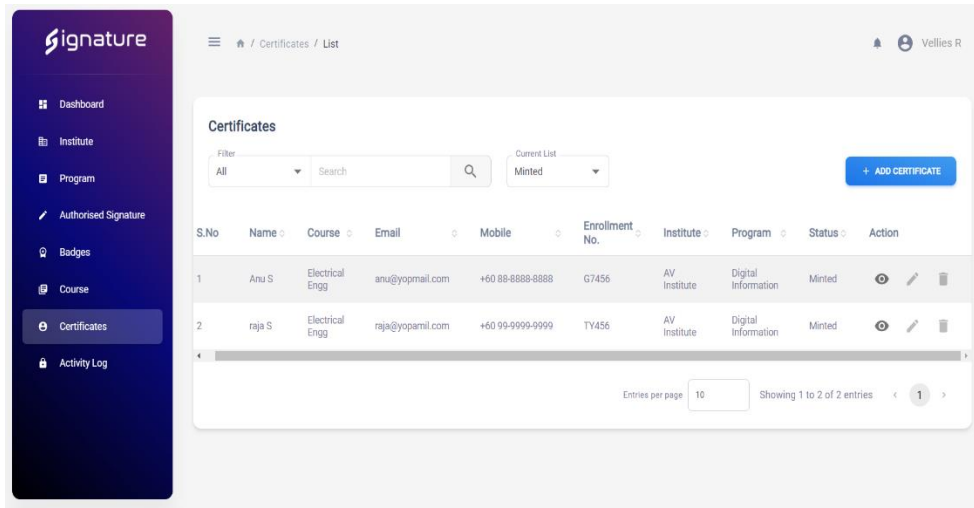

- ❖ Anything actions needed in the student list use action column edit icon and delete icon.
- ❖ Edit icon use to update the certificate student details.
- ❖ Delete icon used to delete this student.
- ❖ Once student lists are ready select current list dropdown new value.
- ❖ Select student list left side checkbox or check all checkbox.

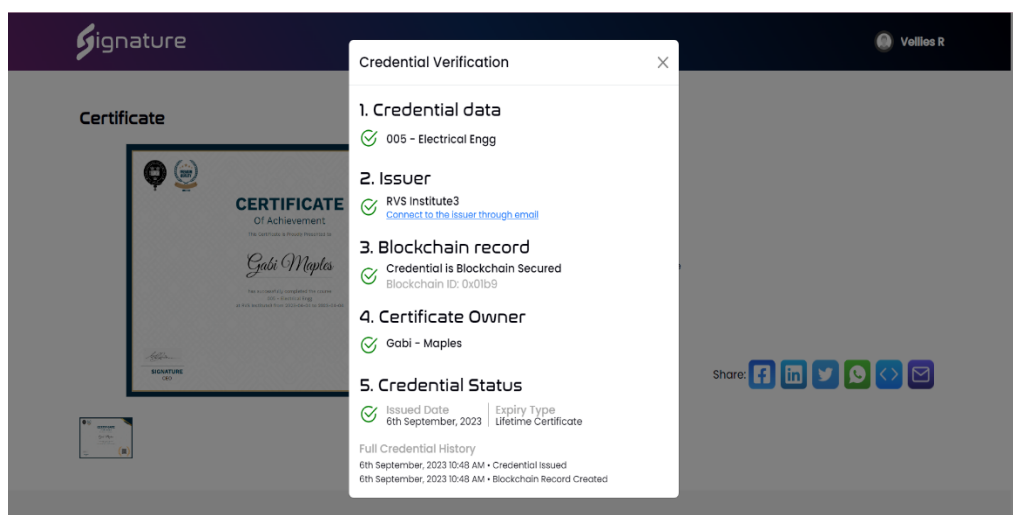

- ❖ Once students selected click submit for blockchain certification button.
- ❖ Students data submitted blockchain can't edit or delete.
- ❖ This selected max students are 100.
- ❖ This student list send their organisation mail.
- ❖ This student Count added in notification page.

- ❖ Few min back or within one day we submitted data are minted in block chain.
- ❖ The certificate minted blockchain view eye icon enabled.

- ❖ The view icon enabled click. Now showing certificate page.
- ❖ This certificate has student certificate, student all details and blockchain minted details.
- ❖ This certificate page have download option, view credentials and social share.

About Crypen

Crypen is a Malaysian Metaverse Company with the vision of broadening the usage of Metaverse and Web3 solutions. We are focusing on Metaverse As A Service (MAAS) where anybody can capitalize on the power of Metaverse. Our Team of experts believes in making a difference by leveraging future technologies, due to that besides metaverse we are also building blockchain applications that help people to connect and grow their businesses.

About Signature

Signature is a Blockchain-powered digital certificate & digital badge issuance platform that empowers institutions across the globe to establish tamper-proof digital certificates and badges using web 3.0 technology.

Student:

- ❖ Here we see organizations are created blockchain powered all digital certificates.
- ❖ This is for particular student certificates are listed.
- ❖ Once organization created student certificate send registered link to given student mail id.
- ❖ This mail has Student QR Code and register button.
- ❖ Click Register button or link.

Register

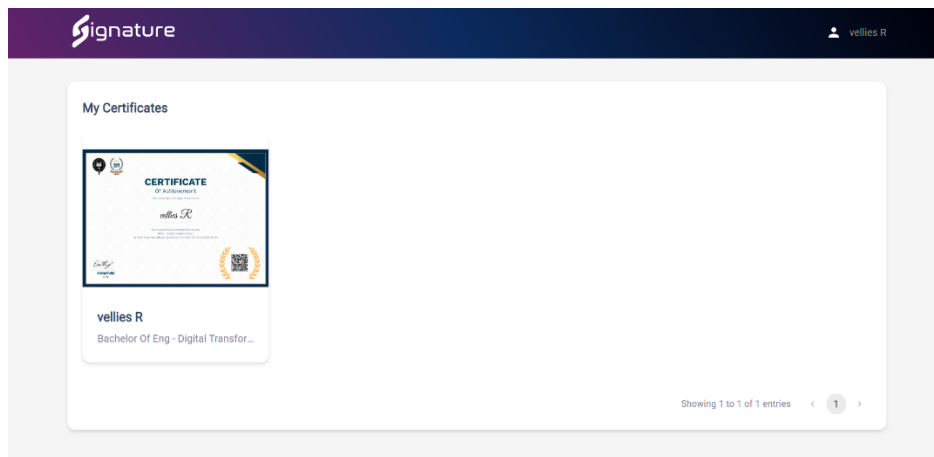

Have trouble seeing your credential? Copy and Paste this URL:

<http://localhost:3005/signup/signature-invite/eyJhbGciOiJIUzI1NiIsInR5cCI6IkpXVCJ9.eyJlbWFnZW50IjpbGxpZXMrMTIzNDU2QGNyeXBrc2V4IiwiaWF0Ij0iMTY5MjY2MjY2MjY2IiwiaXNjaWkiOiJ1b3R0UzYmlxMmQ1ODFhNTdiNDgwliwidG9rZW5FeHBpcmF0aW9uIjozNjAwLCJpYXQiOiJlE2OTc2OTQ0MjZ9.xsrm2K9TNLHaiH5ujGsgo1Z7vzXbxy9NoPUQYCCsAXo>

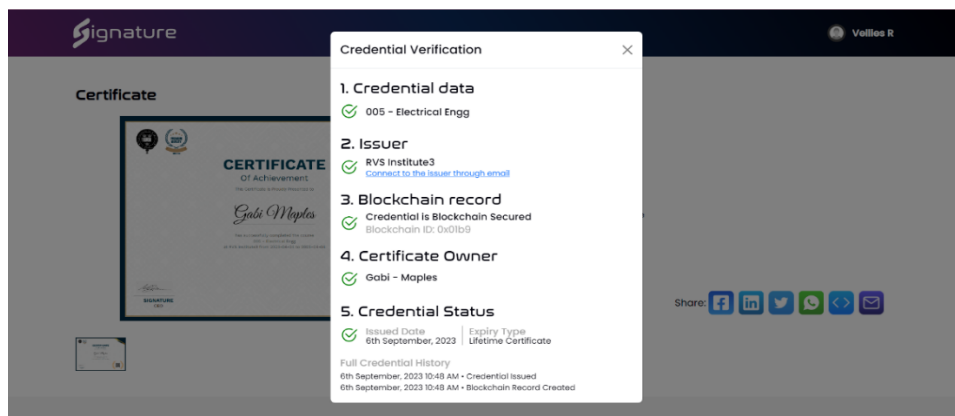

- ❖ Once clicked register button browser open new tab our website.
- ❖ Showing student signup page. Here student data's are showing.

- ❖ Enter student valid details click next. Enter strong password click signup.
- ❖ Check your mail and verify. Once verify account is activated.
- ❖ And redirect to Login page.
- ❖ Please enter student valid credentials and click login button.
- ❖ Showing student My Certificate page.

Page | 62

- ❖ Click certificate viewing this certificate page.
- ❖ This certificate page have download option, view credentials and social share.

The screenshot displays the 'Signature' platform interface. At the top, there's a navigation bar with 'Signature' and a user profile 'Vallies R'. The main content is divided into two sections: 'Certificate' and 'Student Details'.

Certificate Section: Shows a digital certificate for 'Gabi Maples' issued by 'RVS Institute3'. The certificate includes a QR code and a 'Download' button.

Student Details Section: Displays the student's name 'Gabi Maples', skills, and a 'Reactjs' badge. It also shows the 'Issued Date' as '4th April, 2022' and the 'Expiry Type' as 'Lifetime Certificate'. A 'Verify Credentials' button is present.

Issuer Section: Details the issuer 'RVS Institute3' with a link to 'Connect to the issue through email'. It includes a description 'testing des'.

Certificate Details Section: Provides technical details for the certificate, including the 'Certificate Name' '005 - Electrical Engg', 'Description' 'test', 'Credential Id' '0x01b9', 'Issuer's Public Key' '0x53bf35c5c56f90422695602d41023324763386A', and 'Transaction ID' '0xaebe0c9e5721fc66b035fda5eb783228545c48ea62e2935340a3b8d2611d9c83'.

Footer Section: Contains 'About Crypken', 'About Signature', and 'Quick Links' (Privacy Policy, FAQ). It also includes a copyright notice: '© 2023 All Rights Reserved. Crypken Sdn Bhd'.
